**Brian T. Pulvino**  
Superintendent of Schools

April 28, 2017

Dear Parents and Guardians:

I am pleased to announce that at the April 25, 2017 Board of Education meeting, Christopher T. Leece was appointed as Junior High School Principal. He will assume responsibilities effective July 1, 2017.

Chris served as a science teacher at Fulton Junior High from September 2004 to June 2012. Subsequent to that he served as the alternative education program coordinator in 2012/13 and as a science teacher and science department chairperson at G. Ray Bodley High School from September 2013 to the present.

Part of the District's recruitment process for this position included an interview committee comprised of teachers, administrators, support staff, parents and students. The committee's feedback to me about the candidates played an important role in my deliberations and decision about who to recommend to the Board of Education.

Chris's holds bachelor's and master's degrees from the State University of New York College at Oswego, as well as a certificate of advanced study in education administration. Along with Chris's collegiate study, his classroom teaching experience and leadership of the high school science department make him well rounded to assume responsibilities as Principal.

I know Chris has a passion for doing what is best for students and I am confident that passion will translate into successful leadership of Fulton Junior High School in the years ahead. Please join me in sharing congratulations and best wishes to Chris in his new position.

Sincerely,

Brian T. Pulvino  
Superintendent of Schools
