

Fulton City School District School-Parents/Guardians Compact

The school and parents/guardians are committed to working cooperatively to provide for the successful education of our children.

We, the parents/guardians, are committed to:

1. Being active in our children's school and being supportive of their learning development.
2. Communicating with our children's teachers about their educational needs.
3. Participating in school activities and committees to support our children and school.
4. Supporting our children's education through monitoring and assisting our children in attendance, homework, and school performance.
5. Requesting, as needed, information and support from the school staff and local agencies to support our children's development.
6. Collaborating with constituent groups to build a positive school community for students, parents, and staff.

We, the school district, are committed to:

1. Providing high quality curriculum and instruction for our children's educational programs.
2. Providing communication between teachers and parents through parent-teacher conferences, frequent reports to parents on their children's progress, access to staff, and opportunities to participate in their children's school activities.
3. Sharing appropriate program information (including Title I) with parents during the school's Open House night and throughout the school year.
4. Providing parents with assessment results for their children.
5. Assuring that parents may participate in appropriate parent workshops and appropriate educational activities.
6. Offering parents opportunity to plan, review, and improve school programs through the site-based committee.
